Importing and Our Sister Company

NEF also has a sister company, Wili Metal Products (located in the Free Trade Zone of Ningbo, China) which manufactures with the same superior quality and attention to detail as we do here at home. We also have developed key and close relationships with other partners from around the world, which enable us to bring in well-suited items for importing. All items brought in are guaranteed to be a hassle free experience in Quality and Service.

SPC, Certifications and full trace ability available on all orders. Government Cage Code # 07ZN5

NEF is an ISO9001-2000 company and is also certified to the QSLM Level 2 and 3 by the U.S. Government.
